### Zelaya Eager to Begin Negotiations

With the United States—His Envoy Bears Complete Instructions—Talks of Outlook with Reporters.

WASHINGTON, November 15.—The Minister from Nicaragua, Senor Don Luis Corea, arrived in Washington this morning, after an absence of four months in Nicaragua, during which time he conferred with President Zelaya and the members of the Cabinet concerning Nicaragua canal affairs and other subjects of interest to the two countries. He says that by a happy combination of circumstances the way is now clear of private concessions and border misunderstandings, so that direct governmental consideration of the waterway may be taken. Senor Corea also brings word that he has just signed at Mexico City, acting as Minister for Nicaragua, the first treaty between Mexico and Nicaragua for amity, commerce and navigation, covering fourteen articles and firmly uniting the bonds between these two countries.

When seen at the Nicaragua Legation today and asked as to Nicaragua canal affairs, Mr. Corea said: "I spent some time in conference with the President and members of the Cabinet at Managua, and I am happy to say that President Zelaya and his associates, and, in fact, the whole country, are enthusiastic on the future of the great waterway. They are awaiting with interest the developments at Washington, and are hopeful and confident that Congress will pass the bill authorizing the opening of negotiations with the countries interested in the canal and actual beginning of the important work of construction. In that connection have the necessary instructions to facilitate in every way the co-operation between the governments."

"It can be said generally that Nicaragua stands ready to do her full share in carrying forward this great project. Our President Zelaya is a very progressive man and is enthusiastic in his promotion of all measures contributing to the benefit of his country and of general commerce, and he is surrounded by strong and influential advisers, all inspired by the same progressive spirit. All of them see in the canal work the great development of Central America and a beneficial contribution to the world's progress and they will do everything in their power and in the dignity of the republic to see that the work is finished."

"When asked as to the nature of his instructions, Corea said it was inexpedient to discuss them in detail, but it could be said they were sufficient to meet conditions as they might arise in connection with the progress of the canal affairs in this country and co-operate in such new treaty relation as might become desirable."

When inquiry was made as to the long pending misunderstanding between Nicaragua and Costa Rica in connection with the canal, Corea said that by a fortunate arrangement this had been entirely removed.

"There never has been a time," said he, "when the relations between the two countries has been more close and cordial. On July 24th there was celebrated the settlement of a boundary question which had been for years the cause of misunderstanding and from that time both countries proceeded in mutual co-operation in the development of interests which was contributed to by both of them. President Zelaya is anxious to sustain at any cost the peace of Central America, and as far as I know, President Iglesias of Costa Rica is animated by the same purpose. I feel assured that peace cannot be interrupted between any of the Central American states, at least among these two, which have mutual interests. This means much not only for the canal, but for the permanent tranquility of Central America."

Concerning the Eyre-Cragin canal concession, Mr. Corea said the Nicaraguan Government had declared official that this concession was nullified in connection with the provisions of the contract. The old concession, he said, had ceased to attract attention. "So that," he added in conclusion, "I am happy to say Nicaragua is free to negotiate with any one ready to negotiate concerning the canal, and especially the Government of the United States."

Mr. Corea called at the State Department during the day and paid his respects to Secretary Hay.

A Village Blacksmith Saved His Little Son's Life.

Mr. H. H. Black, the well known village blacksmith at Grahamsville, Sullivan county, N. Y., says: "Our little son, 5 years old, has always been subject to croup, and so had have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croup symptoms appear we have found that the dreaded croup is cured before it gets settled. There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Benson, Smith & Co., general agents, Territory of Hawaii."

### LUCAS MAKES BLUNDER.

Sends His Election Report Sealed Up in a Ballot Box.

W. T. Lucas, election inspector for one of the tardy precincts on Hawaii, sent his official returns to Secretary Cooper yesterday, tightly sealed in the ballot box along with the marked ballots. Weary of waiting for the official returns of the election, Secretary Cooper wrote the tardy inspectors the first of the week, urging them to send in the official count at once.

Mr. Lucas sent back a reply stating that the returns from his precinct would be found in the box, sealed up with the ballots.

Here was a pretty state of affairs. The law forbids breaking the seals on the ballot boxes. Yet without the official returns no certificate could issue to Delegate Wilcox, who is ready to start for Washington on the first boat. The way out of the dilemma was as follows: Mr. Cooper took the ballot box before Judge Perry of the supreme court. The inspector's signed count of the ballots was taken out and the ballot box resealed.

There are three precincts yet to hear from and it is not known whether the inspectors of these precincts committed the same blunder as Mr. Lucas or not.
